Favorable Pricing on Concussion Care Tools

Listing in Concussion Care Providers Directory

Best in Class Concussion Care Training

Yours to keep:

While your clinic receives favorable pricing on tests when you're a CIC, the credential is yours and stays with you if you ever leave the clinic.

Who can become a CIC?

HEALTHCARE PROVIDERS IN THE U.S.

Physicians, Physician Assistants, Neuropsychologists, Clinical Psychologists, and Nurse Practitioners.

INTERNATIONAL HEALTHCARE PROVIDERS

Outside the U.S., any healthcare provider qualified to manage concussions is eligible to apply.

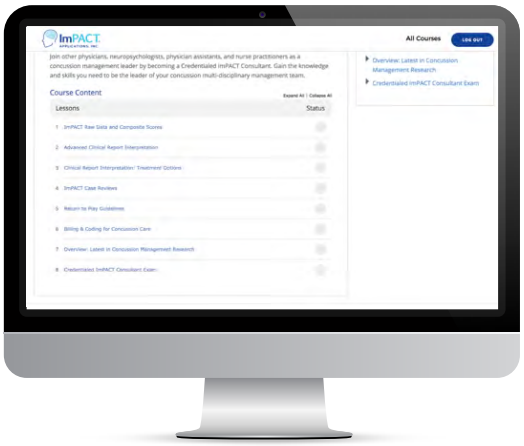

CE Credits: MD, DO, NP, and PA designations can earn 7.5 contact hours for completing the CIC program.

Credentialed ImPACT Consultant (CIC)

A leading CE eligible training program designed for healthcare professionals who want to provide best in class concussion care.

How does the CIC Program work?

To become a CIC, you're required to complete 7.5 hours of training and pass a 25-question exam. Each year after your initial one, you are required to complete a continuing education course.

Applying is easy:

1. Create a free training account at ConcussionCareTraining.com
2. Fill out a 2-minute application
3. Get approved by email within 2 business days
4. Complete your training (within 90 days)
5. Earn all the benefits of being a CIC!

The annual fee is $1,650 per year.

Your initial training, CIC exam, and annual CE course are included.
