

# ImPACT Trained Athletic Trainer (ITAT)

Get the know-how and skills you need to build a concussion protocol at your school or clinic while earning EBP CEUs.

## Why become an ITAT?

ITATs gain clinical skills in the most recent advances in concussion care.

### PEER RECOGNITION:

Stay ahead of the curve with intensive concussion care training

### 7 EBP CEUs:

Receive evidence based credits for all the courses in the program

### CONTINUITY OF CARE:

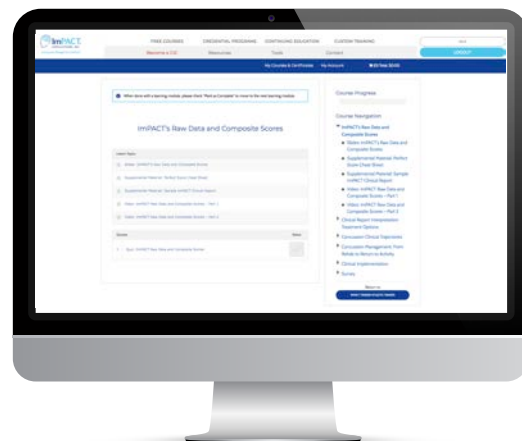

Network with other multidisciplinary team members

Earn 7/10 of the EBP CEUs you need this renewal cycle while receiving a valuable concussion care credential.

## How does the ITAT program work?

To become an ITAT, you're required to complete 5 courses (totaling 7 hours of content) and complete a quiz for each. Each year after your initial one, you're required to complete a continuing education course.

**Apply for an NPI so you can get reimbursed for your concussion care services.**
