Virtual Conference: Concussion Care Beyond Athletics Case Studies

1. Course Description

While athletics tend to get most of the attention when it comes to concussion management, concussions are not always the result of sports injuries. This session will walk through 3 in-depth case studies that demonstrate how to provide concussion care to non-athlete populations from start to finish including identifying a clinical profile, creating an individualized treatment plan, and returning patients to work, driving, and everyday life.

2. Speaker

Melissa N. Womble, Ph.D.

3. Contact Hours

1

4. Cost

Free

5. Registration Link

ConcussionCareTraining.com

6. Target Audience

Physicians, Nurse Practitioners, Physician Assistants, Psychologists, Athletic Trainers, Physical Therapists, Occupational Therapists

7. Location/Format

Live Webinar

8. Learning Objectives

(Achievement assessed through post-course evaluation/quiz)

At the end of this course, the learner will be able to:

- Describe how to use the clinical profiles to determine treatment pathway(s)
- Describe concussion diagnosis and treatment considerations for non-athletes
- Develop an appropriate plan of care

9. Educational Level

Beginner / Introductory / Essential

10. Course Outline

- Overview: Non-athletic concussions
- Case Study #1
- Case Study #2
- Case Study #3
- Q&A

Complaint Policy

When a participant, either verbally or in written format, files a grievance and expects action on the complaint, the following actions will be taken.

If the grievance concerns a speaker, the content presented by the speaker, or the style of presentation, the individual filing the grievance will be asked to put his/her comments in written format. The planning committee will then pass on the comments to the speaker, assuring confidentiality.

If the grievance concerns a workshop, its content, level of presentation, or the facilities in which the workshop was offered, the planning committee will mediate and will be the final arbitrators. If the participant requests action, the final arbitrator will follow the standard cancellation and refund policies.

If the grievance requires a resolution, a member of the planning committee will take necessary action.

Please contact ImPACT Applications at training@impacttest.com, (877) 646-7991 ext. 908, or +1 (412) 567-8400 to submit a complaint, or if you have additional questions.

Commercial Support

Currently, ImPACT Applications does not accept commercial support for any continuing education programs.

Conflict of Interest Policy

Available upon request.

Presenter, Melissa Womble, disclosed a relevant financial relationship in the form of a research contract with Brainscope in which she is the principal investigator. This financial relationship has been mitigated.

Commercial Bias

The intent of this course is to promote improvements in the management of concussion. Attendees are encouraged to inform the course planning committee through the course evaluation if any commercial bias is detected.

Melissa N. Womble, Ph.D.

Director
Inova Sports Medicine Concussion Program

Dr. Melissa Womble is a fellowship-trained neuropsychologist with specialization in sport concussion management. She currently serves as Director of the Inova Sports Medicine Concussion Program with offices in Fairfax and Gainesville, Virginia. Dr. Womble joined Inova Medical Group in August 2016 after completing a neuropsychology post-doctoral fellowship within the University of Pittsburgh Medical Center's Sports Medicine Concussion Program.

She completed a pre-doctoral internship at Henry Ford Medical Center in Detroit, MI, where she continued to develop her interest in traumatic brain injuries and furthered previous neuropsychology training before moving on to her fellowship experience in Pittsburgh. Dr. Womble has presented at national conferences and published in numerous peer-reviewed journals.
