**ImPACT Trained Athletic Trainer Program**

## 1. Course Description

Join thousands of athletic trainers who have become concussion management leaders by earning their ImPACT Trained Athletic Trainer credential. Get the know-how and skills to pull together a concussion management program at your school or clinic while earning EBP CEUs.

## 2. Speakers

Melissa Womble, PhD; Erin Reynolds, PsyD; Carrie Burgert, PT; Brian Roberts, MS, ATC; Tamara McLeod, PhD, ATC, FNATA; Jon Almquist, ATC; Aaron F. Hajart, MS, ATC;

## 3. Contact Hours

7.25

## 4. Cost

\$349

## 5. Registration Link

[ConcussionCareTraining.com](http://ConcussionCareTraining.com)

## 6. Target Audience

Athletic Trainers

## 7. Location/Format

Pre-recorded lecture (Internet enduring material, Distance learning: independent, E-learning course, self-paced program, home study,)

## 8. Learning Objectives

(Achievement assessed through post-course evaluation/quiz)

At the end of this course, the learner will be able to:

- Restate how to use ImPACT's clinical report data to help inform treatment decisions
- Review the six clinical trajectories and treatment pathways  
Identify how to implement post-concussion academic accommodations
- Discuss how to practically bring together multiple facets of concussion management into a cohesive protocol
- Identify the primary roles and functions of athletic trainers in a physician practice

**Summary of Evidence:** Athletic trainers must combine multiple elements of concussion management into a comprehensive concussion protocol. This protocol should include ImPACT baseline testing, removal from activity decisions, and a plan for post-concussion treatment. Outside of the educational setting, athletic trainers may also be involved in the physician practice.

## 9. Educational Level

Essential/Beginner/Introductory

## 10. Course Outline

- Clinical Report Interpretation
- Concussion Clinical Trajectories
- Concussion Management: From Rehab to Return to Activity
- Clinical Implementation
- Value of Athletic Trainers in the Physician Practice
- Concussion Treatment and Rehab

ImPACT Trained Athletic Trainer Program

### Course Completion Requirements

Learners must do the following to receive a valid statement of credit or certificate:

Watch the prerecorded presentations

Complete the course quizzes (80% pass rate) and satisfaction surveys

### Attendance Requirements

Variable credit is not awarded for video on demand courses. ATs should claim only those hours actually spent in the educational program.

### Prerequisites

None

### Healthcare Provider Applicability

Available upon request. Please email [training@impacttest.com](mailto:training@impacttest.com) to request.

### Special Needs Requests

Participants who have special needs are encouraged to contact program organizers so that all reasonable efforts to accommodate these needs can be made.

### Included with Registration

Access to video on-demand course

Printable course slides

Technical support for training dashboard

Presenter contact information available on request

### Required Materials

ImPACT Applications training dashboard login

### Speaker Standards

Statements and opinions contained in this presentation are solely those of the presenter.

Treatments and tools presented today are some of many that are available.

Presenters have agreed to demonstrate high standards of professional conduct and will not discriminate against learners on the basis of gender, age, socioeconomic or ethnic background, sexual orientation, or disability.

ImPACT Applications owns the slides presented. Attendees may not use any materials presented without written permission from ImPACT Applications.

**ImPACT Trained Athletic Trainer Program**

### **Cancellation Policy**

**By the Learner:** You may not cancel a video on-demand purchase. The course is available on your ImPACT Applications training dashboard and you may watch it at any time. If you are unsatisfied with the course, please contact [training@impacttest.com](mailto:training@impacttest.com) to receive credit towards another course of equal or lesser value.

**By ImPACT Applications:** If ImPACT Applications removes a course from its video on-demand library, they will first offer the individual a credit toward another course of equal value. If the individual does not want another course, the provider will refund the registration fee for the course.

### **Complaint Policy**

When a participant, either verbally or in written format, files a grievance and expects action on the complaint, the following actions will be taken.

If the grievance concerns a speaker, the content presented by the speaker, or the style of presentation, the individual filing the grievance will be asked to put his/her comments in written format. The planning committee will then pass on the comments to the speaker, assuring confidentiality.

If the grievance concerns a workshop, its content, level of presentation, or the facilities in which the workshop was offered, the planning committee will mediate and will be the final arbitrators. If the participant requests action, the final arbitrator will follow the standard cancellation and refund policies.

If the grievance requires a resolution, a member of the planning committee will take necessary action.

Please contact ImPACT Applications at [training@impacttest.com](mailto:training@impacttest.com), (877) 646-7991 ext. 908, or +1 (412) 567-8400 to submit a complaint, or if you have additional questions.

### **Commercial Support**

Currently, ImPACT Applications does not accept commercial support for any continuing education programs.

### **Conflict of Interest Policy**

Available upon request

All individuals in control of content disclosed **no relevant financial relationships**.

The planning committee identified **no conflicts of interest** for this course.

### **Commercial Bias**

The intent of this course is to promote improvements in the management of concussion. Attendees are encouraged to inform the course planning committee through the course evaluation if any commercial bias is detected.

### **Melissa Womble, PhD**

Director

Inova Sports Medicine Concussion Program

Dr. Melissa Womble is a fellowship-trained neuropsychologist with specialization in sport concussion management. She currently serves as Director of the Inova Sports Medicine Concussion Program with offices in Fairfax and Gainesville, Virginia. Dr. Womble joined Inova Medical Group in August 2016 after completing a neuropsychology post-doctoral fellowship within the University of Pittsburgh Medical Center's Sports Medicine Concussion Program. An accomplished high school track athlete, Dr. Womble took her passion for competitive sports to the University of South Alabama (USA) where she competed as an NCAA Division I cross country and track athlete while earning her Bachelor's degree in psychology. She went on to receive a Master's degree in applied psychology and a Doctoral degree in combined-integrated clinical and counseling psychology, both at USA. During her doctoral studies, Dr. Womble provided sports enhancement therapy for collegiate athletes and also developed a concussion management program for collegiate and high school athletes. She completed a pre-doctoral internship at Henry Ford Medical Center in Detroit, MI, where she continued to develop her interest in traumatic brain injuries and furthered previous neuropsychology training before moving on to her fellowship experience in Pittsburgh. Dr. Womble has presented at national conferences and published in numerous peer-reviewed journals.

**Tamara Valovich McLeod, PhD, ATC, FNATA**  
Professor and Director, Athletic Training  
A.T. Still University

Dr. McLeod received her bachelor's degree in sports medicine from Mercyhurst University and her master of science in Kinesiology from the University of Colorado. She completed her doctor of philosophy degree in education with an emphasis in sports medicine from the University of Virginia. She is a fellow of the National Athletic Trainers' Association. She serves as the Director of A.T. Still University's Arizona School of Health Sciences Interdisciplinary Research Laboratory and the Athletic Training Practice Based Research Network. Her research focuses on pediatric athlete with respect to sport-related concussion. She was a contributing author for NATA's position statement of the Management of Sport Related Concussion, and serves as section editor for the Journal of Athletic Trainer and in on the editorial board for numerous other athletic training journals.

### **Erin Reynolds, PsyD**

Clinical Director of Sports Concussion

Baylor Institute for Rehabilitation

Dr. Reynolds serves as Clinical Director of Sports Concussion for the Baylor Institute for Rehabilitation. Previously, she was Fellowship Director for the UPMC Sports Concussion Program and was an Assistant Professor in the Department of Orthopaedic Surgery. Dr. Reynolds completed an APA-accredited internship in neuropsychology, as well as a two-year, APA-accredited postdoctoral residency in neuropsychology at the Bedford Veteran's Administration Medical Center (Bedford VAMC) in Bedford, Massachusetts. Currently, Dr. Reynolds treats youth, high school, collegiate, and professional level athletes. She is a frequent invited lecturer on the topic of sport-related concussion at local, as well as national meetings.

**Carrie Burgert, PT, DPT**

Physical Therapist

Xcelerate Physical Therapy

Carrie earned a BS in Kinesiology from Cal Poly San Luis Obispo in 1998, and her Masters in Physical Therapy in 2004 and Doctorate in 2008 from Azusa Pacific University. She became credentialed as an ImPACT Trained Physical Therapist in 2016. Carrie is specialty trained in orthopedics and vestibular rehabilitation.

**Brian Roberts, MS, ATC**

Director of Sports Medicine and Business Operations

Seal Beach Physical Therapy

Brian earned a Master's degree in Exercise Physiology from Cal State University, Fullerton. He was one of the first certified athletic trainers in the country to develop a comprehensive concussion center, and owns and operates several state of the art sports medicine and physical therapy practices in southern California. He specializes in post-concussion return to play. He has also worked as a consultant to NASA, US Olympic Committee, the NFL and the MLB.

**ImPACT Trained Athletic Trainer Program**

### Aaron F. Hajart, MS, ATC

Chief Operating Officer/Senior Vice President for Strategy and Innovation  
Bergen New Bridge Medical Center

Aaron F. Hajart joined Bergen New Bridge Medical Center in July 2017 and currently serves as the Chief Operating Officer and Senior Vice President for Strategy and Innovation. Mr. Hajart provides executive leadership for hospital operations, strategic planning, managed care, and service excellence. He joined New Bridge initially leading the transition process for Care Plus Bergen as they took over operations of the medical center as the Chief Transition Officer and served as Chief Strategy Officer prior to his elevation to COO in April of 2018.

In addition to general hospital operational responsibilities, Mr. Hajart oversees the Diagnostic Services, Physical Medicine and Rehabilitation, Laboratory, Patient Experience and Relations, Behavioral Health Access, Patient Scheduling, Emergency Medical Services, Clinical Service Lines, Managed Care, Facilities/Engineering, Safety, and Capital Planning departments.

Prior to joining New Bridge, Mr. Hajart served as the Assistant Dean for Clinical Strategy and Development at Rutgers New Jersey Medical School. In his role at NJMS, he oversaw the Office of Clinical Affairs at Rutgers New Jersey Medical School and focuses his efforts on strategic alignment, clinical operations, and the development of a growth strategy for the clinical enterprise with current and future clinical affiliates. He initially joined Rutgers, then the University of Medicine and Dentistry of New Jersey, as the Sr. Director of Administration for the Neurological Institute of New Jersey and was a service line administrator in sports medicine and orthopedics at SUNY Downstate Medical Center before his move to New Jersey.

Mr. Hajart completed his Bachelor's Degree in Athletic Training from Hardin-Simmons University and went on to receive his Master's Degree in Human Relations in Business at Amberton University. He has held a number of professional and academic roles and is active in clinical and business related research.
