Return to Learn / Work After a Concussion: Setting up Patients for Success

1. Course Description

Improve your return to learn / work protocols by incorporating best practices based on the latest concussion research. Get actionable insights on how to work with the multidisciplinary team to ensure the most comprehensive care and successful return to learn / work for your patients.

2. Speaker

Rich Bomgardner

3. Contact Hours

1

4. Cost

\$39

5. Registration Link

ConcussionCareTraining.com

6. Target Audience

Physicians, Nurse Practitioners, Physician Assistants, Psychologists, Athletic Trainers, Physical Therapists, Occupational Therapists

7. Location/Format

Internet Enduring Material

8. Learning Objectives

(Achievement assessed through post-course evaluation/quiz)

At the end of this course, the learner will be able to:

- Examine possible areas where return-to-learn and return-to-work policy is limited.
- Recognize current return-to-learn and return-to-work guidelines and recommendations to facilitate success.
- Discuss possible challenges in the classroom, school, and work environment where concussion management strategies could be explored.

Summary of Evidence: Patients may be hesitant to go back to school / work, but easing back into their routine can actually help their recovery. Both return to learn and return to work should follow a progression based on symptoms, with appropriate accommodations, until the patient is fully returned to school / work. Providers will need to work within a multidisciplinary team in order to provide a seamless RTL / RTW for their patients.

9. Educational Level

Beginner / Introductory / Essential

10. Course Outline

- Return to Learn Stages
- Academic Accommodations
- Return to Work Stages
- Return to Work accommodations
- Challenges in the classroom and work environments
- Q&A

Complaint Policy

When a participant, either verbally or in written format, files a grievance and expects action on the complaint, the following actions will be taken.

If the grievance concerns a speaker, the content presented by the speaker, or the style of presentation, the individual filing the grievance will be asked to put his/her comments in written format. The planning committee will then pass on the comments to the speaker, assuring confidentiality.

If the grievance concerns a workshop, its content, level of presentation, or the facilities in which the workshop was offered, the planning committee will mediate and will be the final arbitrators. If the participant requests action, the final arbitrator will follow the standard cancellation and refund policies.

If the grievance requires a resolution, a member of the planning committee will take necessary action.

Please contact ImPACT Applications at training@impacttest.com, (877) 646-7991 ext. 908, or +1 (412) 567-8400 to submit a complaint, or if you have additional questions.

Commercial Support

Currently, ImPACT Applications does not accept commercial support for any continuing education programs.

Conflict of Interest Policy

Available upon request

All individuals in control of content disclosed **no relevant financial relationships**.

The planning committee identified **no conflicts of interest** for this course.

Commercial Bias

The intent of this course is to promote improvements in the management of concussion. Attendees are encouraged to inform the course planning committee through the course evaluation if any commercial bias is detected.

Cancellation Policy

By the Learner: You may not cancel a video on-demand purchase. The course is available for 6 months after purchase and the individual may watch it at any time. If you are unsatisfied with the course, please contact training@impacttest.com to receive credit towards another course of equal or lesser value.

By ImPACT: If ImPACT Applications removes a course from its video on-demand library, they will first offer the individual a credit toward another course of equal value. If the individual does not want another course, the provider will refund the registration fee for the course.

Richard Bomgardner
Athletic Training Program Director
Wichita State University

Dr. Rich Bomgardner has been the Athletic Training Program Director at Wichita State University for the past 19 years. His professional career in athletic training has spanned over 30 years, including 12 years as a Head Athletic Trainer in the college setting and 2 years minor league baseball. His research interests focus on post-concussion return-to-learn (RTL) policies and school/classroom management strategies.

Dr. Bomgardner has published on the national and regional level, has presented at conferences ranging from local to international, and worked on concussion legislation efforts in Kansas. He holds a Bachelor of Arts degree in Physical Education / Athletic Training from Wichita State University, a Master of Science degree in Health and Human Performance from Fort Hays State University, and a Doctorate of Education degree in Educational Leadership from Liberty University.
